Description

Dual mode phones CTP Bluetooth / GSM This fashionable and elegant color screen mobile phone will lead you to enjoy a new experience of Bluetooth connectivity to fixed-line network and IP network. The O200, an aggregate of GSM/GPRS and wireless telephone, can automatically recognize and link to a Bluetooth Access Point (AP), and act as the cordless phone of the AP. User can use O200 to dial out or pick up phone call anywhere in the range of 500 meters of the AP at cost of the fixed-line call or IP phone! The O200 is the perfect integration of unparalleled contemporary design and consummate craftsmanship, bringing you easy communication, and entertainment, as well as highlighting your individual taste.
